

InCyT platform user guide

To access the online course platform (InCyT) open a browser (Google Chrome, Internet Explorer, Mozilla Firefox, etc.) and access the <https://www.incytproject.eu/elearning/> page, where you can find courses for employees and managers (Figure 1). The platform can be accessed both on desktop/laptop devices and on mobile devices (tablet, smartphone).

Figure 1

After selecting the course site, the first step is to log in to the system. The login button is located on the top right of the page (Figure 2). If you want to change the language in which the

platform is displayed, this can also be done from the top left of the page (Figure 2).

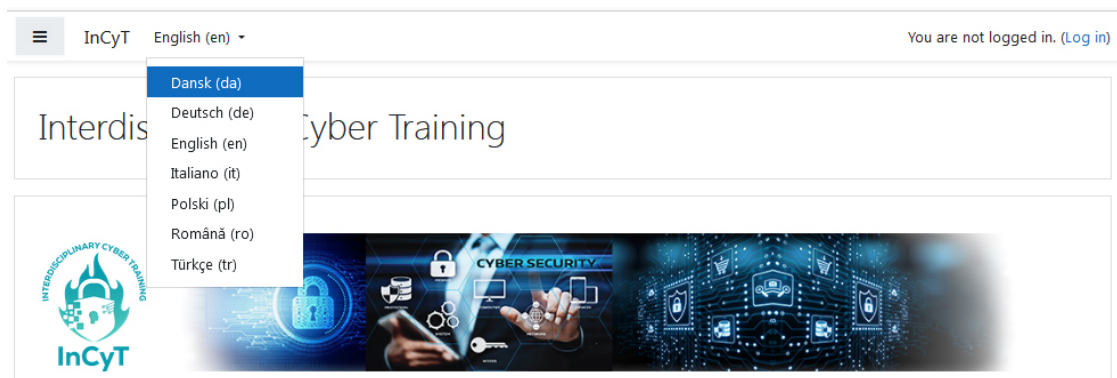

Figure 2

For authentication, the credentials received on the email address must be used (Figure 3).

The image displays the login and account creation interface of the Interdisciplinary Cyber Training platform. The page has a light gray header with the title 'Interdisciplinary Cyber Training'. Below the header, there is a white box containing the login form. The form includes two input fields: one for 'username' and one for a password (represented by dots). Below the password field is a checkbox labeled 'Remember username'. A blue 'Log in' button is positioned below the checkbox. To the right of the login fields, there is a blue link that says 'Forgotten your username or password?'. Below this link, there is a message: 'Cookies must be enabled in your browser' followed by a question mark icon. Further down, it says 'Some courses may allow guest access'. At the bottom right of the login section is a gray button labeled 'Log in as a guest'. Below the login section, there is another white box with the heading 'Is this your first time here?'. Below this heading, it says 'For full access to this site, you first need to create an account.' and a gray button labeled 'Create new account'.

Figure 3

If you cannot log in, contact the person from whom you received the login data or you can access the section [Forgotten your username or password?](#).

You can recover your password either by entering your username

and clicking on the Search button, or by entering your email address and clicking on the Search button (Figure 4).

Figure 5

To access a course, click on its name.

Within a course, several types of activities can be accessed. Some examples would be (Figure 6):

1. Written materials in digital format (pdf documents, PPT presentations, etc.)
2. Exercises
3. Tests (quiz, multiple-choice, etc.)

and others, for example Forum, through which messages can be sent to all those enrolled in that course.

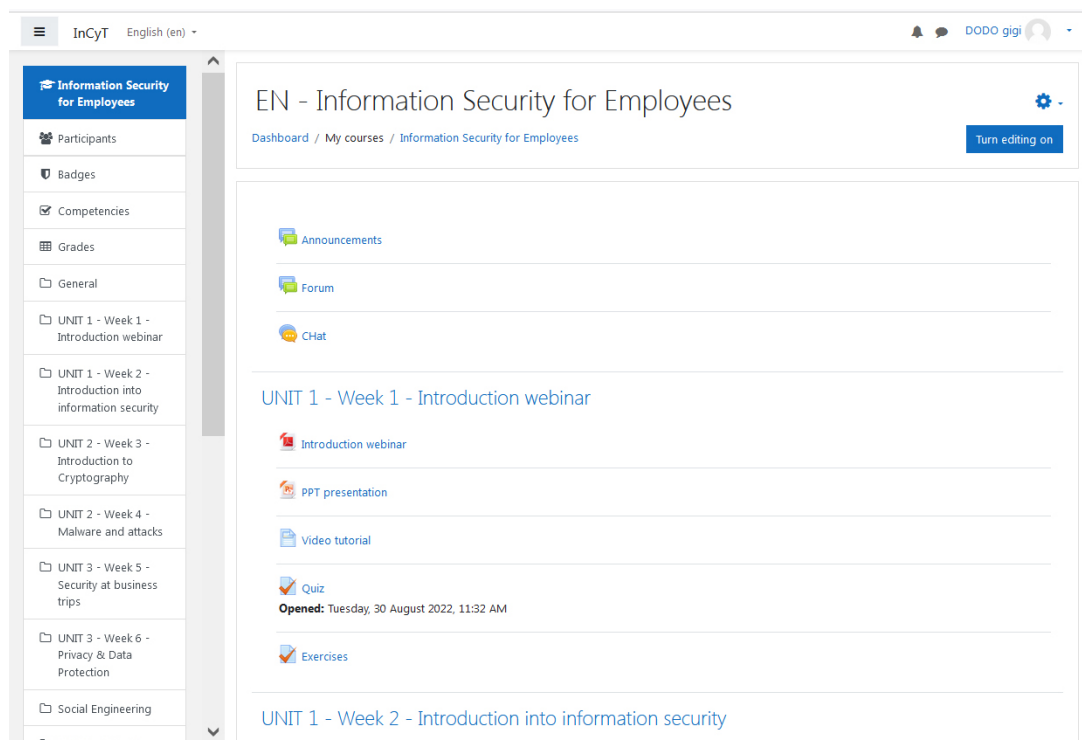

Figure 6

To access written materials in digital format (pdf documents, images, PPT presentations, etc.), click on the name of the resource and download it this way (for example, the PPT presentation document).

Solving a test

To solve a test, access the test by clicking on its name and the test details page will be displayed: title and description, number of attempts allowed, time available for solving and marking method. To launch the test, press the **Attempt quiz now** button (Figure 7).

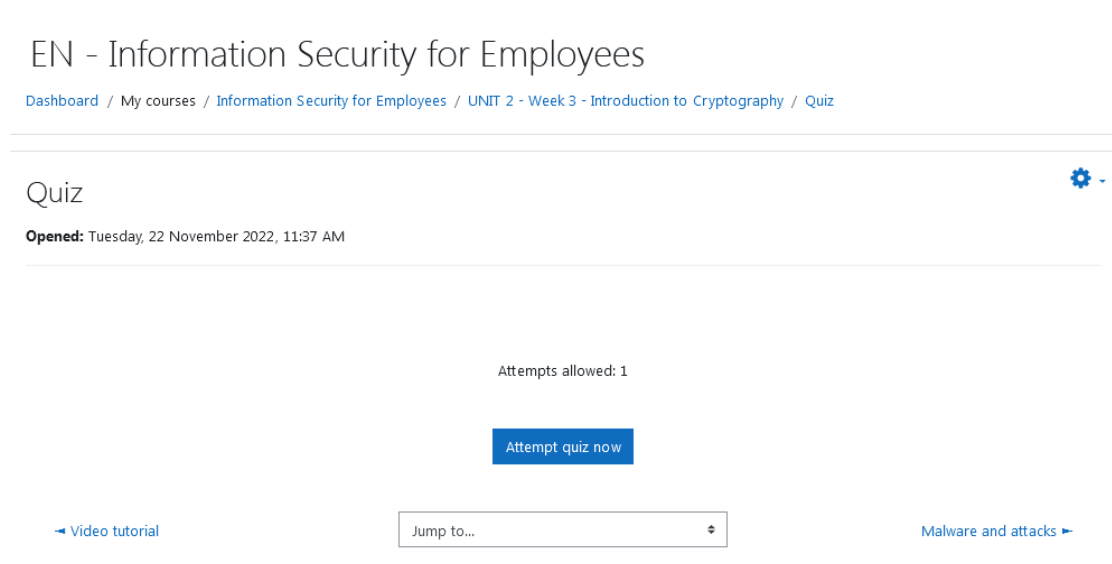

Figure 7

Each question will be answered separately and completed by pressing the Finish attempt button (Figure 8).

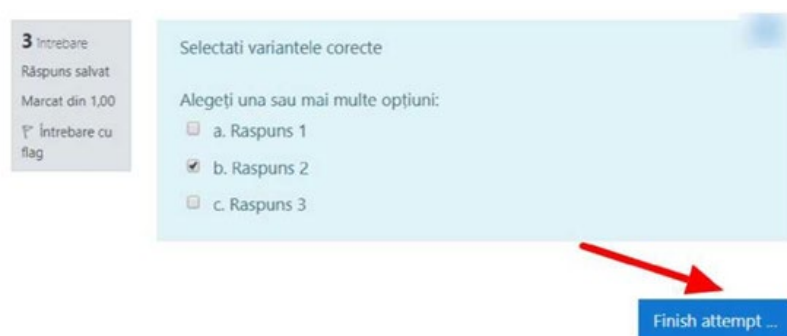

Figure 8

A summary table will be displayed to verify that all questions are completed and the answers can be sent for verification by pressing the **Submit All and Finish** button (Figure 9).
